“ *I'm going to miss you Dean. I never will forget when we rented that motel to go swimming and all the clean family fun we had with you and kristy and my gf. I remember when we wrestled in the pool and all that stuff. I will always remember how much love you have for Mark and when I stayed with you those few weeks how open you were and honest. You never judged people and always was cool to everyone. Watch over Mark and Kristy, sorry I never got to hang out with you again since. It was always nice when you came to nana's to celebrate holidays with us. We will meet again my friend.*

Family of Dean's, I am sorry for your loss. He was a caring guy and I'm sure he is in peace now.

“ *Dean, the first time we met way back in the day I fell in love with you. It was truly love at first sight. We dated back then for almost 4 years. It was like a dream come true. Eventually we lost track of each other for over 20 years. Then 1 day while you were working we seen each other again. When I seen you at work my heart melted just like it did many years ago. It was like a fairy tail. I found you again. The 2 years we have spent together has been so wonderful. You always treated me like a queen. I have never known love so pure and as strong as I love you. You will never be far away from me because I will carry you deep in my heart and soul. I love you so much baby. We will be reunited again very soon. Please remember....I LOVED YOU IN THE PAST, I LOVE YOU IN THE PRESENT, AND I WILL ALWAYS LOVE YOU IN THE FUTURE....I love you so much.*

*Your BooBoo,
Ruby*
