“ What a melancholy day it is on earth knowing Jack left. What a joy to KNOW where he is. Jack and I fished. We cut wood. We golfed. We talked a lot for many years some years ago. We had the most personal conversations two people can have. We shared fears and tears and dreams and hopes. I was there through health scares, job loss and financial challenges. Jack had no quit in him. He clenched his fists and jaw and fought on even though life threw him some of the greatest challenges I have seen a man face. He rose like a Phoenix with a fierce faith as his fuel. He knew he could make it to see grandchildren. He did. Jack was gleeful with a baby in his arms. Sometimes you get to know too much about each other, and as men, our reaction is to back off. We lost touch over the past few years and his hearing loss made communications difficult. I will consider him a friend to eternity. We grew in faith together. He loved his family fiercely. As a friend he would drop everything and help when called. He would quote Hebrews 13:5 often. i am thankful to have known Jack and can see him in heaven reaching out to rock cherubs. I pray that his legacy of faith in Jesus and hope for eternity with God will continue through his family tree. I pray that his family will feel comforted by Matthew 5:4. Jack made a difference in my life and I will never forget him or the lessons he taught me.

When I think of Jack Fore I think devoted family man, hard working man and a faithful man. I see him involved with Memorial, his children, wife and grandchildren. I see the joy he felt as he held a baby in his arms. I pray he is feeling that joy now and is at rest in the arms of our Heavenly Father. We can rest assured he is.
