“ "Yes I do, I believe
That one day I will be, where I was
Right there, right next to you
And it's hard, the days just seem so dark
The moon, and the stars, are nothing without you
Your touch, your skin, where do I begin?
No words can explain, the way I'm missing you
The night, this emptiness, this hole that I'm inside
These tears, they tell their own story
You told me not to cry when you were gone
But the feeling's overwhelming, it's much too strong
Can I lay by your side, next to you, you
And make sure you're alright
I'll take care of you
And I don't want to be here if I can't be with you tonight
I'm reaching out to you
Can you hear my call? (Who's to say you won't hear me?)
This hurt that I've been through
I'm missing you, missing you like crazy"

“ I am writing on this wall like you can hear me... even though I know you can't read anything I write. I miss you so much and as each and every day goes by I miss you even more. I love you so much and some things in life I will never understand but I do know that I was meant to be with you. I love you so much and will until my dying day. I would give anything to hear your voice one more time (not on my voicemails), to feel your touch once again. Just one more time see your face other than just in pictures or in my mind but face to face. I want you back baby boy :-(xoxoxox

“ You have my heart, holding onto it. I breathe in, you breathe out. As I sit here reading the promises we made to each other. You still mean as much to me today as you did years ago. You are my inspiration as I get through these rough days and when I get down, I listen to your voicemails saying "I love you babygirl" It makes me happy as I shed tears. I miss you Baby Boy and I love you until the end... Love your Baby Girl!!!!

“ I've sat many days wishing to find happiness but how could i find it-I couldnt even find myself. Even on sunny days all I could see was rain. I was lost in the world, I put on a show for the world to see. Putting on the show became a natural instinct to me. The days grew longer as time kept passing. I wasn't sure what it was I was looking for, not sure where or how to begin. I just lived this show I called my "life". Not ever realizing that my whole world waited for me, right down the road. It doesn't seem right to the eyes of others – but of course – they are waiting on me to proceed with my lovely show. I'm tired of acting, I no longer need the applause of the crowd b/c I have found myself. I couldn't ever find myself before you b/c it is you that makes me complete. You make me the person, I have always hoped to be. There isn't a moment in the day that I can find where your face and smile don't appear in my mind.

You make my world turn a different way, my skies are a brighter blue. It's amazing how I feel when Im around you. I feel as though you are something almost unimaginable. In your hands, you hold my heart and soul in your hands. I love looking into your eyes, everytime I look into em, I am lost. I fall deeper and deeper into the spell they cast upon me, but I cant help but to look. Just want you to know that you're my everything and you will always be with me regardless, b/c we were meant to be. I swear my life to you. I love you!!!

“ *Swinging back and forth high, in the tree, on my swing
With my head held low b/c of what my tears bring.*

*They represent and couldn't ever amount to the pain.
I look at the sand b/c tears constantly fall just like rain.*

*I hold you close to my heart, thinkin' it was impossible
To feel like I do; My insides are melting like a popsicle*

*When I think of all the memories n how my forever would feel
I feel u breathing - The wind blows on my cheeks, I get a cold chill*

*That runs Thru my body. I want to get higher, I lean back n hold on
tight
I want u to be next to me. My eyes look to the sky b/c u r my light*

*To guide me thru this life. My wings are now broken so I cant fly
Not sure what I should do But I need u once again so must try*

*So I'll continue to swing n see what life brings
But ill always know w/o u Im absolutely nothing.*

I Miss you Soo much!!! Love you Baby Boy!!!

“ Waking up today, this morning... still thinking this is all a dream
I feel as though there is going to be no relief
When you died a part of me did too and has left me with a feeling of
not knowing what to do. My mind is scattered and I'm in a disarray
but some say it is going to be ok
I don't believe those words, my heart tells me that day will never
come.
I will hold onto hope and believe it to be true and know one day I will
again be with you.
It is not fair that you left me here, you promised me! From day one I
have loved you and
that will never end. I am very sure most people will NEVER
understand what kind of relationship we had but we had what most
people dream to have and never can comprehend it. We had so
many great times, so many laughs, cries, fights and so much love!!!!
We thought we could conquer the world, you and I!!! Life with you
was amazing. I am writing this with tears streaming down my face
and I can't help but to think what you would be saying to me right
now.... Something in the sense of Tupac "Keep your head up
babygirl, smile through those tears" We made a promise and I will
never break that promise to you, When I said " I will always love
you" I meant Always... you will be with me. You took the other half
of my heart with you so until I see you again, hold it tight, protect it
with all your might... I will be coming back to get it.
Unconditional Love

“*Jamey you will forever hold a special place in my heart. Your chocolate baby girl, as you would say, will always love you and cherish the time we spent together talking. My heart cries for your mom in the lost of her baby boy. Ms. Faye and Jeremy may you find peace that surpasses all understanding. May the kids be covered with the love that Jamey had for them. Love each and everyone of you.*
