“ Jennifer did her student teaching under me in 1996. I saw her grow more confident about teaching each day she was with me. After having open heart surgery in 1996, during spring break, I was not able to return to teaching for the rest of the year. Jennifer took over for me the rest of that year and got great reviews as a beginning teacher. Please know I fondly remember her and your family is in my thoughts and prayers during this difficult time. Charles Hatchette

“ I am so sorry to hear of Jennifer’s passing. She was part of our Troop 26 family and she was so supportive. She was devoted to her family and her students. You could always count on her honest opinion and you knew she giving it to bring out the best in those she cared for. She raised two excellent young men. Imagine how great this world would be if there were more people like Jennifer! She will be missed.

“ My deepest condolences to Mrs. Johnson's family and friends. She made such an impact on her students lives and instilled a love of science in me that's still with me today. Her boys were infants when she was my teacher and she lit up with pride whenever she spoke of them. Her light and loving spirit live on in the memories we keep of her, as well as through the eyes of her beloved sons. May you always feel the warmth of her love through your times of grief.

“ *My husband and I met Jennifer and her husband probably 20 years ago in a couples class at Fairview church in Greer. From day one it seemed we'd known each other all our lives. She was a kind, big hearted, precious lady who, without a doubt, made a point to leave this world a better place than she found it. Our sincere condolences to her family. The Raffaldts*
