“ I had the pleasure of living across the street from Joan and Chuck for several years, in Wildwood, MO. I especially loved going to "new Neighbors" activities with Joan, and also just talking to her. She had such a vibrant sense of humor, and her kindness radiated like sunshine, to all who knew her. I had always hoped for us to have another visit together someday, and so sorry we didn't. She was so special, I will remember her always.

“ I met Joan in Sunday School and liked her instantly! Her smile, her sense of humor, her love of music, and even her colorful outfits and jewelry made me feel a kinship to her. As time went by, I felt we had become close friends, and we and our spouses ate breakfast together many times at Peggy's Diner. No matter her situation, Joan was always ready with a smile. Even as her health was failing, she would still express concern for others, and we would always find things to laugh about... I was undergoing shoulder surgery the day we lost Joan. I still long to pick up the phone and call her, but I do know she is in a better place!
I will always be thankful that I had the joy of her friendship, and oh how I shall miss her!!!
