“ I am honored to get to say a few words about Ninny. She was an outgoing and fun-loving woman who enjoyed the company of her friends and family. When I think about Ninny the following words come to mind: patience, family, friends, travel, and loved to cook. Ninny lived her life to the fullest. Ninny also had numerous friends. She was so outgoing and caring women it was hard not to be her friend. She loved to entertain and hardly a day went by where there wasn't someone at her house. I have so many great memories with Ninny these past couple years. She taught so many people differnt things and in different ways not only was she a great teacher, but she was also a great listener. I knew that I could go to her when I wanted her opinion on something and she would give me her honest advice about anything wither it was what i wanted to hear or not she was most definitely a straight shooter. I will miss her so very much and i will never forget the love and kindness she has shown me over these past years that she was in my life as a family member I love you Ninny and you go and celebrate with your loved ones in heaven and i will see you again someday in paradise.
