“ This is a tribute to my inspiring nephew, Al Byrd. I do not know of anyone that has inspired me to do more with my life than Al. He always had a Wonderful outlook on life even with his daily disabilities. He never let his disabilities stop him from doing things he wanted to do and he achieved so much in life. I am proud to have been his Aunt Debra and I loved him sooooo much.... See you again one day Al. And we can WALK the streets lined with gold together....
