“ Joe taught me many things, but the value of a great friendship was the greatest. It was such a blessing to have Joe and Kate near by in the Carolinas the last 8 years - you were greatly loved and will be greatly missed.

“ Kate, we have never met but I wanted to share my personal sadness at the passing of Joe. I met Joe in my role at NC State University nearly 15 years ago and we continued our on-going dialog when you and he moved to Greer area as I am a native of Spartanburg and also involved with Clemson University.

Throughout our wonderful relationship Joe was very special in so many ways and I will miss his extraordinary friendship, counsel and advice. But mostly I will forever remember his remarkable integrity and extraordinary ability to bring out the best in everyone he worked with and was certainly a great inspiration to me. At the end of any conversation we ever had, I was uplifted by his presence. I have and will continue to pray for all of you during this very difficult period. May his memory be eternal. Thank you.
