“ I don't have a greatest memory but even though we weren't related by blood you were still my grandmother and I love and miss you to pieces. You were easily the most generous, caring, selfless person I've ever met in my life and you've had a great impact on me and my family. You were more of a grandmother to me than my actual blood, and I will miss you dearly.

Love always,
Your grandson Matthew

“ Karen was the most loving and kindest person i knew, she was very special to us. I thought of her like my second mother and she also treated Ethan and Isabelle like her grandchildren. Our hearts are broken but I know we just gained another gaurdian angel to watch over all of us.
