“ A little girl I have known since the first grade has been taken from us. She brought light to our day with that smile, a cheering of the sole when she met you with that southern greeting of hers and the warmth you felt when you were around her, and she made you feel at home. She touched a lot of lives over the years and now we, her classmates, will only have her memories to make us smile and remember. She is safe in the arms of her Mother and Father with God watching over them and we will miss her.##imported-begin##James M.Crawford##imported-end##

“ I remember a sweet and beautiful girl from our high school days and a friendship that I treasured dearly. When I think of Karen, I think of that little smile which made you feel glad to see her because it reached all the way up to her eyes. She was a good friend to many and although we had not been many times since high school, I feel the pain of her death. Gary and I send our love and prayers to the family during this very difficult time.##imported-begin##Becky Henderson Crawford##imported-end##
