“ *It was always a treat to and visit with Kathryn at the Gardens. Such a gracious lady and always with that beautiful smile. We shared lots of Buncombe Street stories and she always wanted to know what was going on at church. It was truly my honor and priviledge to be able to visit her. I especially enjoyed the time I took her friend Betty Meyers along, what a time those two had chatting about the times they had together. She was just a blessing to know her and will be missed by all who knew her.*
