“ *In loving memory of Keith Simpson....by Harold and Aneah Lockaby...We remember Keith with so many special memories. Keith was the sweetest little baby and little boy you could ever know. When he was only six and a half years of age, he had to undergo life saving heart surgery. With the amazing skill of his surgeon and the loving and dedicated care of his parents, Marshall and Dorothy, he was able to grow up and enjoy so many things he loved. Keith always had a sweet smile for everyone and appreciated everything anyone did for him. He never complained when he felt tired or when he faced any health problems throughout his life. Keith was a very brave and courageous young man. He had wonderful parents and wonderful grandparents. Dr.and Mrs. George W. Lockaby, who lived next door to Dorothy, Marshall and Keith. Keith was brought up in a fine, Christian home. He loved to attend church with his Mother and Daddy. He enjoyed so many things, like watching sports and car races with his Daddy, watching music videos with his family and just living his life with so much joy. He loved his Mother and Grandmother's cooking. He never failed to say thank you, it was really good. So many precious memories of Keith. He truly was a blessing to our family and to everyone who loved him. He will be missed so very much always. Keith is now in the loving care of Marshall, his earthly Father and God, his heavenly Father. He also was reunited with his grandparents and so many others in the family who are once again surrounding him with their love. We would like to express our admiration to his Mother and Daddy. Their dedication to Keith and the great love they gave to him so that he had the healthiest and happiest life possible. They were Keith's guardian angels.... We will always love you, Keith. You have a special place in our hearts forever.
Your Uncle Harold and Aunt Aneah.*

“ I remember hanging out with Kieth when we were kids. His parents and my parents were friends. We always "Cooked Out" on a charcoal grill. Keep in mind this was before Gas Grills and a restaraunt on every corner. We were not old enough to drive however that didn't prevent Keith and I from checking the oil in everyone's car. After we finished being Shade Tree mechanics we would adjourn to the house and listen to music. It was a simple time back then and I'm sure Keith is in Heaven now smiling without pain and physical ailments.

Keith will be missed but never forgotten, RIP !
