“ Gary worked for my husband when he was building houses. I remember the first time we met him. He was very honest to a fault and believed that a handshake would be good enough for his work and promise. Hee was a very good man and will be missed by all who knew him. Charlene Waddell Campbell

“ *My name is Linda Pritchard Layton and in the 1950's I would come and spend the summers with my grandmother, Allie and George Forrester. I played with Gary and Judy. The first time I saw Gary I thought he was the smallest boy running around I had ever seen. We became close friends. Grandma had to walk with me to the house because I was too afraid to walk through the woods by myself. I have often thought what paths did you both take. I treasure my memories I have of our time together and I hope that you do too. My heart was broken to see the death of "Little Hoss", and I shall keep all his family in my prayers. God Bless you.*

“ Elaine & family, I am so sorry that I was not around the morning Mr. Bishop passed. It was such an honor & privilege to spend the time with both of you; especially at the Clock. It was even more of an honor to have spent the precious time with you in his last days. Being able to assist with your meals in the hospital but even more importantly, with prayer. I know he is in a better place, but will be missed ever so much. You have my number, please use it - for anything. My thoughts & prayers are with you & your family. May God continue to work in you & through you. Paula Shepherd
