“*Melanie, I just read the obituary tonight and was sad to hear about your Dad and my friend's passing. I am also sorry that I read it so late and missed the service. Ken and I worked together in textiles machine sales for several years and I saw him recently at Sam's Club. We joked a lot during the years and our recent encounter was no exception. I had a lot of respect for your dad. I knew that I could always count on him in our business and personal times. When we talked he would often tell about you what you were doing. He loved you very much. We all loved him very much too.*

“*I've worked with Ken at Sam's for a little over a year now and he was such a nice guy. I will miss hearing that "Barbara Jean" as I entered the store, the fist bumps and his infectious chuckle. Will keep you all in my prayers. Until we meet again, my friend.*

“*Ken had worked for us the last year and has made an impact on the many lives he touched. He was always early to work and NEVER missed a day. I will always remember him as friendly, conscientious, and faithful. He will be greatly missed. So sorry for this sudden loss - you will be in our prayers.*

“ Ken was a gentleman that was a pleasure to work with. I only worked with Ken at J&J Forklift for a short time but Ken left a lasting friendship that I will cherish forever. Ken called me from time to time just to see how I was doing and I will miss those conversations. My thoughts and prayers go out to Kens family. May God's hand help you get through this difficult time .
