“ I just learned of the passing of Ken and I am so sorry for your loss. I have been cutting his hair for the last year now and he was always so kind. I helped coach my sons t- ball team this past spring and Ken was always so helpful with tips and full of good coaching experiences. I saw him after his anniversary trip and he went in detail about how much fun he had. I am so sorry for your loss. I'm so grateful to have known him ❤️

“ Ken's welcoming smile, his wit and charm were apparent as he volunteered at Miracle Hill Greenville Rescue Mission. Throughout the planning process and delivery of the Jobs for Life course here, Ken's contributions were always helpful and constructive and often witty. His presence and care for us and our guests will be greatly missed. Thank you, Ken, for your heart of service. We will remember you fondly when we offer Jobs for Life to our guests.

“ All of us at KCI were deeply saddened to hear of Ken's passing. He was well liked and respected by those of us who got to work with him on a daily basis. Kens humor and wit has been missed at KCI since his retirement in 2017 but his legacy lived on through the young engineers he trained and mentored during his time with us. Please know the KCI family is keeping the Dill family in our thoughts and prayers during this difficult time.

“ Wow. What a shock. We had more fun together at the Architectural Association. He was a great supporter of anything he did! Wish there were many more people like Ken. My sympathies to the family.

“ Ken and I met over 15 years ago while he was with KCI. Ken successfully managed many projects over the years. He was a very communicative, trustworthy, and capable engineer. Ken not only helped me professionally, but quickly became my friend with his quick wit, great humor and shared interests. We stayed in touch after his retirement and he loved to tell stories of his memorabilia hunts and run-ins with former players. This is awful news and my thoughts and prayers are with his family & friends during this most difficult of times. You will be missed by many Ken.

“ Ken was one of the first people to come to my door and welcome me to Orchard Crest and was always willing to stop and chat. I remember the day he showed me his veggie garden how proud he was of all his work and ingenuity in making it.

“ My wife Valeri served on the HOA board of Orchard Crest with Ken. He was a good friend. Ken was always kind and gracious to me, and always willing to talk. He was very concerned for the residents of Orchard Crest and desired the best for them. I know he was a believer, which is a blessing to me. Karen, praying for you and all the family. John Miller
