“ I had the fortunate opportunity to work at Overbrook CDC with Kim. She was always smiling and making positive comments. There was never any doubt of her love for the children who attended. She spoke highly of her family and truly enjoyed every moment spent with them. Her smiling eyes would light up when she mentioned her grandchildren , or as she affectionately called them “the trio”. I always enjoyed seeing her Facebook posts - she knew how to keep people connected. She had the biggest heart with so much love and joy to share. She will be missed. I feel blessed to have known an authentic kind soul. Hope she has ALL the chocolate! With love and sympathy, Pamela Jamison , nurse.

“ I’ve worked with Kim for about ten years. She’s a precious lady with a kind soul. She always had a smiling face, waving, saying hello to everyone. Loved talking about her grandchildren. She was a bright light, and though her light has dimmed, it will never be forgotten. She will be greatly missed, but her memory will live on in our hearts.

Kim Carver was a shining light in our CDC school community—her kindness, warmth, and unwavering dedication touched the hearts of everyone around her. As a teacher assistant, she poured love into her students.

Kim's precious smile and cheerful spirit were gifts to us all. No matter the day, she faced it with happiness and a heart full of love. Her presence brightened our hallways, her laughter filled our classrooms, and her compassion left a lasting mark on every one she worked with.

Rest in peace, dear Kim. You will always be in our hearts.

I worked with Kim at CDC and she was the most kind and loving person, absolutely loved her students and her job. Her and I are both from KY and are big Wildcat fans and we would talk about the ballgames at work. You will be missed by so many.
