“ *Debbie, Stacey, Shelly, and Chris and family's our deepest sympathies go out to you. When I remember Buzz and our life time of friendship the first thing I think of is the nite we met the Browns... A cold Feb 28 1971 (We crashed Staceys 1st Birthday party) we needed help lighting our furnace.. Of course Buzz said "Well.. let's go check it out" in his mild matter voice. It was an instant friendship The Browns and the Stoperas .. but as live goes on and jobs change the Browns left our little cozy neighborhood for a new adventure. We kept in touch and visited through the years but those first years raising the kiddos were the best with the Browns. Would never change anything about those early years. Love to you all. And dang Buzz we are going to miss you* ”
