“ We moved in the house next door to Mr. and Mrs. Copeland 8 years ago. They have been so good to my family since the first day. Larry was the kind of guy that made you want to be a better person. I know where his is today and I look forward to seeing him again one day. Praying for the entire family. Chris and Heather Bensch

“ Dear Nell,

I was so sorry to hear of Larry's passing. I'm praying for peace and comfort for you and your family. I thought about you earlier this week when we were closing up our classrooms for the summer. Oh goodness, Nell, Wendy, Donna (&Jana although we've never met), I'm so sorry for your loss. I heard from a friend tonight - one of your swim parents, Wendy. I know from the painful loss of my Dad and what you are going through. Glad you all have each other and are all strong women! Special people touch our lives and remain with us forever, as Larry will with you all. Glad he is in peace with the Lord now. Ya'll take care and celebrate his life. Much love and prayers for you all!

Nell, you and the family are in our prayers.

I joined Sirrinc just after completing 4 years in the Air Force. I reported to Larry's group. Soon after I started, Larry began to urge me to attend Clemson and earn an engineering degree which I was later able to do. Over the years Larry and a small group of us at Sirrinc spent many enjoyable hours together hunting and fishing around the state. As a mentor and a friend Larry's influence had a positive impact on my life in many ways.

Rest In Peace my friend.

Larry was an excellent engineer, educator, mentor and counselor to many young engineers.

As a co-worker I highly valued his engineering expertise, his friendship and his sense of humor.

Our thoughts are with Nell and his family.

Larry and I both grew up in Union County, however, I did not know him until I met him in Huntsville, AL 57 years ago. We both went to work at JE Sirrinc about the same time in 1966. The Copeland's furniture and our furniture were moved to Greenville from Huntsville in the same Allied Moving Truck. They unloaded at Larry's house first. I joked with him about him instructing the movers to unload some of our furniture at his house. I frequently asked him to return our furniture. It was a joke that lasted all these years. He always just smiled about it.

He will be missed. Nell and family members, Marge and I extended our deepest sympathy to you at this difficult time.

Nell, Janna, Donna, and Wendy. So sad to hear of Larry's passing. Other than my dad, I know of no other man that so influenced my life. He was a mentor, counselor, supporter and friend. Deb and I pray the Lord will sustain you during your grief. I can't think of Larry without smiling knowing that he is with the Savior he lived for.
