“ Larry, my brother (at heart) was just that... LARRY! Loveable, fun, big heart, cut up, said what he thought and thought what he said. As he caregiver for several years there are so many memories it is hard to pick just one. He was 100% man, known by his love of hunting, fishing, guns and his truck. Under all those strong man qualities was a tender heart and just a human who loved and wanted to be loved. Looking back at the hours and hours I spent caring for him was the fact I knew he always wanted the best for me and he helped be become a stronger and happier person. For that I will be forever grateful. I will miss you brother more than I could ever put into words. To his family, thank you for all the kindness you have expressed to me during these years. My life now will be forever changed as I know yours will be also. Love and many prayer to all of you.

“ So sorry for your loss.. Larry was such a whiz at his job in dental work, I remember this was true when he was very young. Also, he came home from overseas (I think) and did not let his mom know. He stepped out from behind the house and surprised her.. Needless to say, she almost fainted. May God give you grace to get through this sad time. PAT. CASON

“ *Larry was my life long friend. We played together as children, started first grade together and graduated together. I have many cherished memories of those times, right up to my last visit with him on Monday and my last phone conversation with him on Wednesday night.*

My sincere condolences to Lisa and Lee and your families. You were his greatest joy and he was so very proud of all of you. I share your grief in the loss of my dear sweet friend.

“ I was so sorry to hear about Larry. I have so many wonderful memories of Kat and Larry, who were really a brother and sister to me, that I will never forget. I was thinking of him and remember when we were young, the three of us had been to a ball game. Kat and I left the game and went to Lewis's, which we were told, to not go there. Well, James drove by and caught us and sent us home. When we got home, Larry said, "I swear I did not tell, I swear I did not tell". Of course, I don't think either one of us believed him. He was always a lot of fun and had a great sense of humor.

My deepest sympathy to all the family. I know I will never forget Larry, Kat or Renae. I know Larry will certainly be missed by all who knew him.

I wish we had been able to come home and be with you all. We will certainly be thinking of you and keeping you in our prayers.

Love,

Judy Hammond

“ I was saddened to hear of Uncle Larry's passing. Oddly enough, I was thinking of him earlier this week while painting my house. I remembered a time when I was around 8 years old and had a terrible headache. Uncle Larry had me spit out my gum, close the book I was reading, and lay on the couch to rest while we watched TV. It is funny the moments that stick around in the mind, and to me it represents the caring side of Uncle Larry.

Heartfelt thoughts go out to Aunt Linda, Lisa, Lee, Dedi, and to all others who knew and cared about Uncle Larry.

“ My heartfelt condolences to the family. I remember the first time I met Larry in Greer, we immediately went fishing within a day or two. I had never been bass fishing before. He set my rig up with the Carolina jig and off we went. He of course caught fish after fish...me, not one. Fishing was his passion.
