“ I miss you more now than ever. You were my rock and loved me unconditionally. I miss your laugh, advice and more you hugs. You loved big...bigger than your presence. That is huge!! Abbigail misses you so terribly bad. You made her feel like the most beautiful and important girl in the world. I can sooooo relate! Lauren wants everything you gave to Abbigail! She only has stories... I promise to make sure she knows the love you have for her! Untill we meet again at the pearly gates. Please continue to watch over us and keep us close. Love you always and more your Doodle bug

“ To the Reeves family, so sorry for the loss of your brother. Lonnie was one of a kind. He would help out anyone. I have known the whole family for many years & I have never heard a single person say anything bad about this family. I would see Lonnie at the rustic lodge when I was younger. He was always as nice as he could be. He was a good friend that you could count on. I know he will be missed. My prayers are with you all. May God bless each of you in days to come.
