“ I*m so sorry about Linda*s .passing. We were friends for a very long time. Our friendship started when we went to kindergarten together in CT, We grew up doing the silly stupid stuff kids do. I was an attendant in her wedding to Bill.t. After I moved out of state I would return CT to visit family and relatives, I was always welcomed to stay with Linda and Bill. Who could have known we would both move to the Carolinas 60 miles apart? I will miss you, Lin. I feel like I lost a part of my life when you passed away.No-one can replace the memories we shared Rest in peace my dear..

“ Linda has popped in and out of my life since Elm Hill Elementary School. I spent time walking around the neighborhood with her and time in Maine on vacations a couple of summers with her and her parents. I have pictures of us wearing "babushkas" or sailor hats with the brims turned down, and one picture of us sitting on an old locomotive at Bates College when her parents were trying to get her interested in possibly attending there when the time came. She moved to Harwington during our high school years but when she was getting married to Bill, she asked me to be in her wedding along with another friend from Newington, Lois Carlson. We lost touch for many years until one day she walked up my driveway in Plainville where I was holding my one and only tag sale. She had been living in Southington, the next town over. All of our children were grown by this time. The next time we connected was at our 50th high school reunion where we fell into talking about old times as if they were yesterday. Linda was living in South Carolina by then. Whenever she came North to visit family she would try to attend a get together with some of us from high school who had been holding monthly luncheons ever since we "found" each other again at that 50th reunion. We became Face Book friends as well. I will always remember Linda as someone who loved life, family, friends, fun, and her dogs.

“ How can I Express all that is in my memory from when we were in kindergarten and you had a photo of us. You laughed because you had your flashy patent leather shoes, and I had on my ratty old sneakers. All the visits to lake pocotipaug(sp?). You taught me card games. Also helped me with my knitting. You could do anything. Got me my job at Aetna. So much to be grateful for. RIP my old friend.

“ What does an old friend say about an old friend. Not in the sense of age, but in longtime, back to junior high school when we met, sharing all the joy of growing up, laughing and sharing secrets and being carefree girls who grew up to become mothers and grandmothers, serious women but forever in our heart of hearts, the laughing girls of our youth, Linda - what a devilish sense of humor and adventure was yours always. Even during the trying times with your health, you were not the complainer you and Bill would drive the miles from SC to CT and you would connect with the Newington girls and just as if it were yesterday, spend hours catching up on our lives and always, of course, remember back when we were young. Profound sadness cannot be put into words. Thoughts are with Bill and the family you loved so dearly and always, Linda, always with you.

Since forever, Barbara

“ My heart is broken. I met Mrs Dunsing (mom) back in 1976 when her and her family moved to CT. Me and her daughter Lisa have been best friends since then. I spent so much time at their home. She always called me her daughter, and she was my 2nd mom. I'm so sad to be writing this. My condolences to her family & friends. God has another angel. You will be terribly missed 🥹 Love, your daughter, Debbie

God Bless you, Linda. I will always remember running up a couple of streets, in Newington, to get to your house. I remember your mom making meringue cookies. Maybe that's where you got your talent for baking. We had a nice group to be together. Sherrill, Jane, Rosemary. Lots of good memories.
