“ I was very sad to learn of Malcolm's passing the other day. He worked for me on many projects at Fluor Daniel and was an excellent engineer. More importantly, Malcolm was a wonderful person who always had a laugh and joke, no matter how hard or frustrating a problem on a particular project could be. He was always somebody you could go to to get help or to get something done quickly and accurately. I wish you all my deepest condolences for your loss.

Sincerely,  
John Zedek
