“ I worked for many years ago for Margaret. I baby sit with Rita and Robert when they were little. I cooked for them and had Bobs lunch ready for him. I also cleaned for her. She become a great and wonderful friend to me. She was full of good advice and life. We kept in touch on the phone. Love you Margaret.

“ She was my classmate starting in the school year 1954. I have the most precious memories with her, and I will miss her so much. The beautiful smile she had the first time I met her was the same smile she had the last time I saw her. She invariably kept our class connected o er all the years. She genuinely loved each class member the same.

“ Sweet Margaret, you are such a gem! Thank you for coming into my life when I was a young teenager girl and training me as a loan processor at the Bank of Greer. You taught me alot about life and bank politics. I took those lessons to every job I've had. You always, always made me laugh. They called us "trouble" together because we were always laughing and smiling. You never failed to encourage everyone who came your way. I love you and will miss you, but someday soon, we'll have another great laugh!

Love you my friend,

“ If there were a pictorial dictionary, Margret's picture would appear next to "JOY." She brought such joy to our Senior Retreats. They will never be quite the same without her.

“ Margaret was a sweet lady that will be greatly missed. Heaven will surely be sweeter by her presence. Please know that all of you are thought of and prayed for during these days of loss. Margaret always would ask me about my son when ever I saw her. He and Robert went through school together. (Such a caring person.)

“ We want you to know that your momma had a beautiful smile and loving heart. She is now in a place where there is no more sorrow, no more pain, and she can watch over all of you and smile as she sees the wonderful joy you have given her through this life. Now a new journey begins where she will see family and friends she has missed and will wait to see you again.

We are so sorry for your loss and send our deepest condolences to you in this time.

“ Growing up I have such fond memories of family functions when our family - all the Rosses and Barnetts (and the Hendersons) were together. Margaret always had a kind word and usually told a story that made you laugh. In later years, Margaret was so amazing, working in her yard, driving that golf cart everywhere and always on the go. Even when illness crept into her life, she still took the time and had compassion to come and visit Mom. She didn't just talk to talk of being a Christian, she walked the walk. And now she walks with Jesus.

“ *I am grateful for the blessing Margaret was to me and for the happy and fun times we shared together. Her sweet nature and love for our Lord and life encouraged me during some difficult times. I recently heard a song with these words, "love the people that God gives you for someday He will want them back." Love for you always my dear friend. “ Margaret made such a lasting impression on Lyle and me. I only regret that I didn't get to know her sooner. Just to be in her presence was a delight. We loved to give her hugs and hear family stories. We felt like we could love on her forever. She's in God's arms now and I can hardly wait until the day I see her beautiful smile again. My prayers are with all of her family and friends. May you find comfort in your memories and peace knowing that she is at rest with the LORD. May her memory always be for a blessing.
