“ *Margaret is one of the best memories from my early nursing career days. She was so loving, remembered things about me like she was my grandmother, brought in baked goodies and was always a ray of sunshine. She absolutely adored her granddaughter and kept me informed with all the things they did together. Prayers to all her family.*

“ *I remember her, my first day at the hospital for my security job. She greeted me with the biggest, warmest smile. "Said you, look lost.." and immediately walked me to the ER to meet the staff. She was always glowing and caring. You would never know if she was having a bad day. She reflected so much of God and light in that place. You will be greatly missed! Love and miss you! Will see you again one day. This next time you'll have to give me a tour around Heaven!*
