“ Margarett and I worked on Grant genealogy for years. I wish I could have bottled her knowledge and enthusiasm. I so enjoyed the times we spent together talking, wandering cemeteries, etc. I can just hear her saying, "It get's interesting!" She was fun to be around.

You have my sincerest sympathy.

I just heard of Margarett's death, I spent many years with her researching our Baswell ancestors. She and I both enjoyed going through cemeteries and making "A Find". Will always remember her. Now she is part of the history we both loved so much.
