“ *I was thinking about the wonderful job Martha would do with the many generous, creative Christmas gifts she purchased each year for all of her and Bob's children and grandchildren. We don't know how she did it. We were amazed at the way she came up with new ideas year after year. We will always remember her with love on her Christmas birthday. Robin and Tom*

“ To my beautiful, loving, smart, funny, wonderful Mother. Thank you for being there always for me and the rest of the family, for loving us unconditionally, making us laugh and cry, knowing when to support us or let us fall, helping us to become the adults we are today. I will miss you beyond words, but you request that we keep our mourning short and our living long and happy, and I will strive to do just that, although it is so difficult just now. And I will strive to be the strong, independent and loving woman that you always were and to love and care for others with an open heart always. I will love you and miss you and think of you, and enjoy the so many happy memories. I know one of the million stars in the sky is now yours. And I know you are safe and happy in the arms of all those who have passed before. Tell Doug, Daddy, Poppy, Aunt Dora and all the others I love them and will see them when my time comes. Your loving daughter Mitzi.

“ A sweet loving longtime friend. So blessed I got to visit her in February at Greer. Caught up on past memories & our work together when they lived in Atlanta. I will miss her.
