“ I remember the first time that I met Mary. I was just out of high school and had gone to work at Victor Mill in Greer, SC. Mary was working there in the cloth room as a mender. I begin in the cloth room as a inspector and later was ask if I would train as a mender. After my training period I was taken downstairs into the basement and put on a machine next to Mary. Mary was shy and I was too. As time went by we became friends. Mary was a hard worker and a no nonsense kind of person. She never complained about her job and she would only tell you what she wanted you to know, she didn't add to it or take away from it. I remember one day she was restless, she couldn't seem to get comfortable in her chair. I ask her if anything was wrong. She just gave me her own look and finally said that her back brace was bothering her. I had been working beside her for three years and never knew she wore a back brace until then. I remember we were talking about having children and she told me that she couldn't have children. I never ask her why because I had already learnt that if she wanted me to know anything she would tell me, When I found out I was pregnant with my first child I told her and she just gave me one of those looks. A couple weeks later, she came into work, sat down in her chair, looked me straight in my eyes and said, "I don't know how it happen but I think it is your fault, I am pregnant." We both had a boy! I am thankful that God put her in my pathway and allowed me to be her friend. Rest in peace my friend! I will forever have precious memories.
