“ I always enjoyed hearing Michael and my dad reminiscing about their high school days. It always sounded like they had so much fun in school and with doing all those things outside of class. Moving out to the country was a big change for our family, and knowing that my parents had friends in that new environment was both welcoming and comforting. I have great memories of time spent with the Hall family, and I always appreciated their hospitality and big hearts. God bless you all in this time of mourning. I'm grateful for all the memories made with you, and I'm grateful for all the reunions going on in Heaven right now.
