“ I am so sorry to hear of Mildred's passing. Alan spoke so highly of her and appreciated her willingness to assist him. The State Auto team in Greer had a close connection. Our family is blessed in our recent time grief by old friends. My heart goes out to Mildred's family.

Sincerely,
Becky Hughes

“ I came to State Auto over 30 years ago as a Commercial Underwriter assigned to work for Sonny Burgess. The first person I got to know and spend countless hours with was sitting right outside Sonny's office, Ms. Mildred Cunningham. An underwriter spends a lot of time on rating issues and there was none better than Mildred, the Rating Supervisor, when you had a "question." It didn't matter what I brought to her or how often I called on her for help, she was always the same, never too busy to help out. I owe her a huge debt of gratitude for all she did to help further my career or bail me out of a tough situation. She always did it with a smile and that sweet little laugh of hers. I know she had bad days like we all do, but she never showed it. We both shared a love of trivia and there was no one better at it than her. I will forever be grateful for all she did for me and all she meant to me. Right now, I know she is smiling down on all of us. Looking forward to seeing her smile again one day. Love and miss you.

“ May God comfort you in the days ahead. Mildred was my Supervisor at State Auto for several years. She answered "lots of questions" - or just being there helped e find the answer and I laugh to remember that. As she and I would both laugh as when I would explain situation then the answer would come to me and I would tell her I just needed to stand there and we would laugh. Marilyn Atkins

“ *My heart breaks for Mildred's family - sending many prayers your way. I have been thinking about Mildred lately and was so sad to hear this news. I first met Mildred when I was 22 yrs old on my first day of work at State Auto. Twenty-seven years ago! I was fresh out of college, a real greenhorn, and overconfident to boot. I'm sure I was a pain to work with! Mildred had so much class and patience to deal with a silly little college kid like me. I quickly learned how much I really DIDN'T know, and was honored to learn the ropes from such an experienced and knowledgeable person. Mildred had such a great sense of humor, and we found that we had a great deal in common. We both loved to read, and I seem to remember her talking about Rod Stewart or another musician we both liked. One of my proudest days was when Mildred said I was "alright," in her understated, dry sense of humor kind of way. As we make our journey through life, there are people who make an indelible mark on our hearts. Mildred is one of those for me. I think of her fondly as one of the most influential people in my career. Sending up thanks for having known her. I'm so glad she was part of my life.*
