“ I knew Nancy throughout the Morley years, Plant and then Hall. She was not only an amazing athlete, but what stood out more was her genuine kindness and sense of humor. Years later, we were back in touch via facebook and even had a couple of telephone conversations. Her humor, encouragement and genuine caring helped me to get through a very difficult time. I appreciated her wit, pet stories and her political insights. I hope that she is surrounded by loving family and pets in the next level and that her remaining family knows how much she cared about them. Rest in peace, dear Nancy. You were a great human being and will be dearly missed. Thank you for your friendship and godspeed.
