“ *I just can't wrap my mind around any of this!! I will miss Norma so much. We talked sometimes on a daily basis. She would always call to check on me if I skipped a day or two calling her. By the words she shared with me many times over the years, I know she is in Heaven today with Jim and many of her loved ones. I know I'll see her again Family, stay strong and keep close, that's what she would want. Love and prayers to all of you.*
