“*I was shocked to hear just today that Novyce King had passed away this week. I had the privilege of being accompanied by her beautiful talent at the piano and her beautiful smile. She was one of the loviest ladies I have ever known and she had been on my mind all week, I had no idea that she had passed. She will surely be missed by the Methodist churches she served and all the people who knew her. I am grateful for having known her.*

“*Novyce was one of the most genuinely kind people I've ever known. I met her as a child because she was a friend and colleague of my father. She was my middle school English teacher and later we attended Startex Methodist together. She spread joy and light wherever she went and I feel very blessed that she was part of my life. My thoughts and prayers are with her family and friends. I'll never forget her beautiful voice.*

“ *Novyce was my piano teacher for ten years. She became not only my mentor but my friend. She has always held a very special place in my heart. She taught my mother's Sunday school class at Startex United Methodists Church. She became a very special mentor to my son Jackson who loved her and adored her as both myself and my husband did all these years. We love and will miss you, Novyce ❤️.*

“ I was blessed enough to be in Mrs. King’s English class many, many years ago. I remember her love for Clemson football, and her beautiful singing voice. She inspired me in so many ways to be my best and to show God’s love to each child that I teach. What a blessing she was to all who knew her!

“People may touch your lives, but friends touch your heart. Such was my friend Novyce. Her smile, her soaring voice, her joie de vivre only describe a little of her. We laughed together and loved the Tigers equally. I have a plaque on my door that she gave me many years ago that displays the mutual feeling we held for Clemson. She taught me how to make the best pimento cheese by adding one small ingredient. What a wonderful tribute it is to leave this world knowing that only gracious, loving comments can be made about you. You will be missed, dear friend, but always held in the hearts of everyone who knew you. With love, Pat.

“Mom” King was so very special to me!! My first year teaching at D.R. Hill Middle School back in 1989, she took me under her wing as her adopted daughter. She loved me, encouraged me, and taught and showed me things that I needed to know as a brand new twenty-two year old math teacher. I will be remembering you and your family in my prayers now and in the weeks and months ahead as you adjust to life without this precious lady.

“ I just spoke with Novyce a couple of weeks ago at the funeral of another friend and teacher, and it was great to see her. I always admired Novyce for her talents, but moreso for her spirit, kindness, and willingness to use her gifts for the Lord. Max and I are indeed sad for her family.
