“ *Paul was a wonderful nephew! I loved him a lot & will miss his sense of humor. Paul has gone to be with all the other angels watching over us. He put up a long fight & can now finally rest in peace. My best to Jessica, his wife, & Gideon, his son. Paul loved you both so very much & spoke of you every time we saw each other or talked on the phone. His mother, Kara, was dear to his heart. She was a comfort to him, as well as his sister, Julika. May God continue to watch over your family until you are reunited again. My prayers will be with you during this difficult time of your life. Much love, Martha Koon & family*

“ *The only memories that my husband and I have of Paul are of the one time he came to North Carolina with our son Lee to help us move. I remember him being quite the jokester and a very nice guy. We also attended his wedding. And the last thing is what a good friend he was to Lee. We pray for God to bless his family and to comfort their hearts during their time of grief.*
