“ To Rita, Phyllis, Margaret, Paul Jr., and all the Peeples family: My condolences and deepest sympathy on the loss of a wonderful husband, father, and grandfather. I have many good memories of Dr. Peeples going back to my childhood. He was my Dad's best fishing buddy and I treasure the memories of the many fishing trips they took together, especially when they took me along. He was a wonderful person and will be missed not only by you but all of us who knew and remember him for the wonderful person he was.##imported-begin##Edward (Dennis) Dobson##imported-end##

“ Dr. Peeples was our family dr for so many years - Dan and Carole Barbare family. He was my dr from the time I came in this world until he retired when I was a teenager. I absolutely loved Dr Peeples - I will never forget the week he retired I was in ER from a wreck and he came down to see me - I told him he couldn't retire, I needed him - I didn't feel like any other dr could take care of me. Never since and I don't think I ever will find a dr. like Dr Peeples. He came to our home when daddy was sick many times. No matter what was wrong, just seeing Dr Peeples made things better. The world has lost a great physician and Greer has lost one that contributed so much. I lost part of my much cherished child hood memories with the passing of Dr Peeples - my mother called me today knowing how upsetting this news would be!
My thoughts and prayers are with your family. May God bless and comfort you at this time.##imported-begin##Andrea Barbare Howell##imported-end##
