“Peggy and I have been friends over seventy years. Our love and respect for each other is a blessing and we learned those traits from our wonderful families. I could fill pages with memories from school, time together during summer breaks, giggling over silly things~~we never had an argument. In our adult lives if either of us needed to hear the voice of a friend we knew who we could call, day or night. We often talked for hours on end, never at a loss for words, enjoyed every minute. I will miss Peggy but will cherish sweet memories forever. May God bless and comfort each of the family, you were all very special to her. I love you also. Alice Mason

We sure will miss her, Tricia. It's so nice to read about all the good memories she left with others. Thank you.

*Patty,
I hope you will see this because I couldn't find a way to reply to you directly. Your grandmother was a another member of our family. We loved her so much. There's absolutely no doubt that I wouldn't have survived my childhood without her. Lisa and I will never forget her or her family. Thank you so much for thinking of us.*
