“ I received a Valentine's Day card from Peggy a few days ago and was going to reciprocate her warm greetings when I read about her passing. I am deeply saddened by her passing for she was an exceptionally caring human being. I had met Peggy in August 2019 when I had visited the North Anderson Community Church Presbyterian as part of a presentation program arranged by Steve Morgan. Peggy had been amongst the memorable persons I met during my visit to the Church. She stayed in touch with me and never forgot to send me a Christmas card. This year, was, however, the first time she had sent me a card for St. Valentine;s Day, She wrote on the card "Please pray for us (she and Gracie). I pray for you and yours every day." I am praying for Peggy now. May God grant her a place in the highest heaven to dwell in eternal blessedness. I would like to send my deep condolences to Peggy's family and her longtime friend Katherine Elaine Bridgeman. I would appreciate getting the contact information for Peggy's family and friend. My email address is riffat.hassan@louisville.edu May Peggy's memory be a blessing for all of us. In grateful and loving remembrance of Peggy, Riffat Hassan

“ Peggy was always sweet and supportive. She loved to send cards to her church family, not only on birthdays or Christmas, but sometimes, "just because". She always had a positive attitude. I am richer for having known her and send love and prayers to her family.
