“ Randy was a true gentle hearted man. He showed us in many ways with his compassion for children. He loved showing our grandson his interests in motorcycles, knives and hunting. Our grandson always looked forward to going with his grandpa to go hunting with Randy and his brother Ed. Randy will truly be missed. What a great and talented man he was! May blessings of peace be with you Jan and family during this very sad time.

“ It was truly a pleasure to get to know and work with Randy during my time at Mustang. He was a great person that I enjoyed talking guns, football, food and family with. He was very personable and it was always clear his family came first, especially his wife. He would always talk of their good dinners out and then we would trade talks of our favorite plates at various restaurants. I pray for comfort for the family during this tough time.

“ I was truly saddened to hear this news. I met Randy through my husband, Johnny, many years ago. I know the pain you are going through as I experienced it six years when I lost Johnny. Jan, you and your family are in my thoughts and prayers through this difficult time.

“ Condolences to Jan and the rest of the family during this very difficult time. I enjoyed getting acquainted with Randy at Mustang and staying in touch since then. Randy was always ready to get together and discuss building a custom knife, sighting in a rifle, or just catching up professionally and personally. Every time we were together he spoke of family and it was obvious how much he valued y'all. Glad I got to spend some time with him over the years. Many thanks for the friendship, Randy, and your dedication to things that matter.

“ Randy was a true to the core red blooded American. I have the highest respect for this mans man. I admired the fact that he had a code he lived by and would not waiver. You always knew where you stood with him because he would let you know, but his bark was much worse than his bit. Randy you will be missed. I was truly blessed to have known him and to have call him a friend. ROLL TIDE!!!

“ *Randy was a good friend and neighbor. I enjoyed our time together at the gun range, and our trips to the Webb for our lottery hunts. He had a deep love for Jan, as he often spoke about how she made him a better person. I will miss him greatly. Rest In Peace my friend.*

“ *I worked with Randy at Mustang Engineering for a short time, but in that time, I came to respect Randy and consider him a friend. He, Aaron and Kevin made for a great working experience together during my time there and I had never felt so welcome or at home in a firm than when I was working with those guys. The laughs, the smiles, the food (whole other subject, I could go on), the talks about guns and knives, the jabs about Alabama, Clemson and Carolina (Tarheels, the real Carolina) will be great lasting memories. Keeping in touch from time to time was just as much a smile and laughter as it was being there. I was blessed to be able to call Randy a friend and he will be truly missed.*

*I wouldn't do this for just anyone, but for you, Randy....ROLL TIDE!*

“ My very 1st assignment with Fluor/TRS was to the GE plant construction (over 30 years ago) and where I 1st met Randy. We all worked in the engineering trailer. As we got to know each other - we learned that our spouses also were connected thru work. Later, when Randy interviewed @ Global Performance, he asked for a reference. Randy will be missed by so many that his life touched. May God Wrap Jan up with love and peace.
