“ At moments like these it's so hard to think what to say, but if I was there, I give you a big hug to comfort you. John and I really enjoy your visit with us, and I remember taking a picture of Ray's charger stepping on it in our driveway and later sent him the photo and he loved it. John remembers racing up and down Crystal Avenue with him, he said that they had a lot of fun together. We are going to miss him, and we are so sorry for your loss. We pray that you find strength to carry on and keep the good memories that you had together. Love you and God bless, Amen.

“ Lonnie met Ray at a union meeting for the post office and Ray asked for help to do repairs on the building and no one volunteered but Lonnie. They became fast friends. We were new to the area and Ray took Lonnie under his wing. They hunted together and went to Daytona 500 and volunteered to sell hamburgers and hot dogs for Pop Warner. He helped Lonnie rebuild our old jeep. Every event was always more enjoyable thanks to Ray. Lonnie is not well and Ray made sure to call him and check on him even when he was not well himself. He was larger than life and always made you smile. To say he will be missed is an understatement. Our prayers are with the entire family.

“ To Clara and family,
We are praying peace and comfort for you all. We're very thankful for the times we have all shared together. We've sure been through a bunch together. Very thankful we have had each other to lean on. Having grandchildren in common made us family, spending time together made us friends! Ray was such a larger than life guy! Heaven got a good man....
We are here for you all!

Ray told us the story of that day. I remembered thinking life and death decisions had to be made quickly because Simas was already in the water. It impacted him deeply, he talked of the freedom he had compared to the man in the ocean. Thank you for sharing.
