“ *My Dad was an incredible man that loved his children with all his heart. He loved all children that came into his life and I truly believe they loved him back. I remember as a child how he was so willing to play games with us and to have fun... after we finished our chores of course. He was a firm believer in doing your chores but it was usually followed by times of play and having fun. I also remember how he loved playing sports with me and teaching me skills that would make me better at the sports I loved to play. God is so good to have blessed me with my wonderful Dad. I love you Dad and I will miss you until we see one another again in heaven. Thank you to all that thoughtfully left a message of condolences and prayer for the pain and grief that dad's family is going through. We love you all.*
