*Mike and Shannon,  
The loss of your mother is one of the most difficult losses we face. I am so sorry you are going through this. Your mother was a good friend and mentor to me when we were all very young. She was amazingly talented and gifted in her ability to create beautiful interior design and clothing projects. She was a very interesting lady indeed and gave a large part of her life to care for her parents and her husband. I know she loved all of her family very much. She will be missed by you all. My deepest sympathies are extended to all of you.
