“ *Robert was a cherished and valued member of our Project Management team at ZF. He was always willing to help others and would jump in when he saw a team mate needing support. He thrived on building personal relationships and the interaction with his team mates, as well as "thinking outside the box". Robert will be greatly missed by myself and our entire team! My thoughts and prayers are with Robert's entire family at this difficult time.*

“ My condolences to the family of Robert. I worked with Robert at Rochling Automotive and ZF. He was my lunch buddy when I worked at ZF. His face always lit up when he talked about watching his grandson’s play Soccer. He loved his family. Robert will be missed.

“ Robert was a great guy. I learned a lot from him. His love for Edisto was displayed by the history that he shared . We shared a love for monarch butterflies and Notre Dame football. I will cherish the Edisto bricks that he collected for me. I will light a candle for him, as I have done in the past, at the Notre Dame Grotto at the next home game. I will miss you, Robert. GO IRISH!!!

“ My thoughts & prayers go out to Robert's family. I am from "Mass" as well, and Robert was a Boston sports fanatic. He could remember infinite details of Sox games in the 70's. We had many conversations about Bahston sports teams, he made me laugh a lot. He will be sorely missed. RIP brother.....

“ *Robert was a great guy, we had not worked together too much, but occasionally he would fill in for someone in my project that was out of office and I had always enjoyed working with him during those times, his humor and wit always made me laugh, and his words were always thought-provoking. I enjoyed seeing him around with a smile and the casual conversations I had with him, he will certainly be missed.
May him rest in peace!*

“ I had the pleasure of meeting Robert in 2019 after joining the project management team at ZF. Robert was friendly and helpful from my very first day and was eager to help and answer all my crazy questions. I specifically remember my first pre-series build.. Robert assisted on the line and I was impressed with the relationships he had built with the production associates (knowing them all by name) and his knowledge of the production processes. Our team will miss him and his warm smile. My thoughts and prayers are with his family.

“ My Sincere condolences to the entire family. I worked with Robert for many years at ZF and can only say that he will be missed dearly. Robert and I shared a common background as Army Brats when we were both kids. It's a special connection that only Army Brats feel when we meet other Army Brats. May he rest in peace.

“ My sincere and heartfelt condolences to the family and loved ones for Mr. Robert Doyle. Albeit was a relatively short period of time, I got to know Robert pretty well this past year working together here at ZF. He was a good man with a better soul. His family has my thoughts and prayers during this difficult time.
