“ The Horn family is deeply sadden to learn of Bob’s passing. He was always brought a smile to our faces with his humor & wit. We enjoyed learning about trains, my youngest used to call him “Choo Coo”. Bob you will be sorely missed!

“ We met Bob and Lois while vacationing in the NW in 1998. We struck up a friendship and shared a few adventures on that trip and reunited at their home in Sebastian, FL once or twice after that, exchanging holiday cards and occasional emails. We enjoyed their company, especially Bob's great sense of humor. We know even then he was battling Krohn's disease which was a challenge for the rest of his life. It's funny how you can randomly meet people and something clicks, some spark of commonality and that's what it felt like with Bob and Lois. We are all just walking each other home and we're happy we got to share part of our life's journey with Bob. We know he will be missed and was loved by his family and friends.
