“ I was very saden to hear about Pat's surgery and now of his passing . Pat and I were classmates and good social friends at Clemson College as it was known at the time.Pat had invited me to join his firm on several occasions,but I had other ideas at the time. Pat was an outstanding student and I was happy to read of his professional accomplishments. I'm sure his family life was equally outstanding.

Please accept my condolences with the lose of your father ,brother & uncle .

Sincerely , Henry##imported-begin##Henry L Johnsen BSCE

“ I only knew Pat through the SCSPE Volunteer Engineer Corps (VEC). He was a true leader. He was a brilliant engineer. He was also gracious man with a big heart. Most important he was a Christian. I was honored to work with him in the VEC. He introduced me to the Hot Dog King on Main Street. I wish they were still in business. My prayers are with his family.
