“ Mr. Jordan and Family, I met Ronnie about eleven years ago. Occasionally he would drop in at the workshop. If i could persuade him to stay a few minutes we would strike up a conversation about many things. He would tell me how good he was at fixing things or making it worst. Then one day, he told me about a dream he had to make money. I said 'you' have to work to fulfill that type of dream. He glanced at me with a little , small smile and said' well,' I don't guess i'll be rich because I like to sleep. He said he was ready to go, and I thanked him for staying a little longer than his previous visit. Ronnie stood up reached in his pocket and ask if i would like to buy a bracelet he made. I think there were three I tried to get on, but they were too small. I ask how much did they cost and he said , three dollars , but for you , two dollars . I ask if he would make me a pink and white one and we marked the size I needed. He said i'll bring it back by next week. I told him go ahead take the money and i gave him three dollars. He stated he was only charging me two. I said , Thank you for your kindness but I want to give you three. Four weeks passed , no Ronnie! I smiled to myself and thought maybe, just maybe he will end up rich. When i least expected to see him, he walked over to my desk handed me, my pink and white bracelet . He reached into his pocket and gave me another bracelet. I said Ronnie I can only pay for one. He replied, I dont want any money for it. It took me awhile to get back, ,so I made you two. I thanked him with tears in my eyes and I said sell it and make you some money. That day I saw a caring person with a heart of gold. Thats the part of "Ronnie Jordon" I will always remember . Prayers for you, and your family, In Jesus name, Mrs. Brenda Young
