“ Dear Family and Friends,  
I felt blessed to be counted as one of Ruby's friends. She was always hopeful, full of life and giving happiness everywhere she went. I only knew her about 7 years but we laughed and enjoyed our brief times together. She also inspired me and made me cheerful inspite of her condition. She made me feel better after talking to her on the phone and I was supposed to cheer her up. God is taking very good care of her now. God bless and keep you, Ruby, for your gentle spirit and kind heart.

Love always,
