*Me to sis. Ending every conversation as with our last just a few days prior was "I love you dad" as I hugged his neck sitting at the table. He replied "love you, proud of you son". I will always cherish the life's lessons that were handed down to me from the most kind hearted man I've ever known; my Dad. RIP, I will continue thinking of you everyday til we rejoice together again. That happy smile will always be in front of me.*
