“ I met Sandy when we moved to the neighborhood in 1998. Sandy was so friendly and welcoming. We were walking buddies for a number of years and shared grandbaby stories. Sandy was a straight shooter, a direct and honest lady. Sandy was the hub of the wheel in her family and will be incredibly missed I am most sure. Sandy was a true friend and I will miss her greatly. I know the loss of a loved one and the family has my heartfelt love and prayers always. Virginia Knight

“ I send my very special condolences to Bill and his family for the loss of Sandy. I loved and respected Sandy so much as she was my Mothers best friend for most of my life. She was always smiling and happy about life. Knowing her was a great pleasure and I will never forget her. She will always have a very special place in my heart. Heaven is a better place today because of her presence. May God bless and comfort you all.

“ I send my very special condolences to Bill and all of Sandy's family as you deal with the loss of this treasured lady. Having only met Sandy once when invited to the family Fourth of July celebration at the family home, I kept in touch with Sandy and Bill through my Aunt Patsy Burnett. For someone dealing with the serious side effects of Primary Biliary cirrhosis, Sandy maintained a tremendously active life, thinking and acting on the behalf of many others to the detriment of her own health and well being. She never allowed her disease to characterize who she was, instead forging her own path with vigor. Go with the angels, Sandy!

“ *Though I didn't know Sandy, I felt as if I did because of her sister's love for her. Kay would 'share' Sandy with us in Ohio through her stories, and it would have been wonderful to meet her. Sandy enriched Kay's life over the years even when they lived many miles apart, and those of us left behind will work hard to fill the unfillable void left by Sandy's premature passing.*
