“ *I miss you so much brother. I'm so sorry I couldn't come pay respects. I just wasn't mentally strong enough. I had to check myself in the hospital to just try and stay OK. You Corey and I had so much fun. You guys were always there for me. You all taught me how to drive a six speed you all showed me compassion and being kind hearted towards the mental disorders I developed from the accident. You have never judged me . I love you so much brother we will all meet again .*

“ I miss you so much seanny boonk. We always knew how to lift each other up no matter what the situation was... Listening to music and just smiling and laughing are the memories I cherish the most... I loved when you'd show me old videos on YouTube of you and the family doing the drag races... You could fix and build anything and you taught me so much... One of my favorite memories was our peanut butter and jelly sandwich competition, I'm smiling thinking about our science of making them... You will always have the most special place in my heart and Everytime I do a scratch off I'll think of you... Love and miss you always and forever 🍀💕

“ I met you almost ,6 years ago, right after Elliott & I started dating. You were always a sweetheart. It was always fun to have you around. I remember seeing you in the summer. It's hard to believe that you would never be here to visit again. It's hard to believe that was the last time we would see you. You will forever be loved and missed Sean! My heart goes out to your mom, daughter & family. Fly high and rest easy. No more heartache or despair for you my friend.
