“ *Selena and I became friends probably 50 years ago and every time I saw her she was wearing a smile and a look of frolicsome! One of my fondest memories of Selena was her teaching me to drive her Pinto with a stick-shift and of course she started me on a hill and said, if you can master this, the rest will be a breeze. Even though I didn't see her very often, we always picked up where we left off when we did. Selena will truly be missed but I know her parents were waiting for her on the other side with open arms!!*
