“ Dear Macey and Cathy,
I am so very sorry for your loss. I just found out today of Shelley's passing. I am so shocked and saddened by this news!!
She was my first Best friend since 6th grade when I moved to Morristown. We laughed a lot and there was never a dull moment with her around. What great memories we had in Band Camp. I always admired her intellectual views of life and her survival skills from past decisions and current daily life of being a single mom. God has gained an AMAZING Angel to shine on those who need her everlasting support and straightforwardness. Shine on Dear friend. Until we meet again. 🙏💖
